SNPhA Mission

The Student National Pharmaceutical Association (SNPhA) is an educational service association of pharmacy students who are concerned about pharmacy and healthcare related issues, and the poor minority representation in pharmacy and in other health-related professions.

SNPhA Objectives

To develop within communities a positive image of minority health professionals.

Experiences in Pharmacy

The annual Experiences in Pharmacy Panel Discussion is held to provide pharmacy students and recent graduates with the opportunity to hear from successful members of the pharmacy profession who can provide advice and share stories that we can relate to as minorities embarking on our career.

Last year our panelists included Dr. Ruth Haile-Meskale, PharmD, MBA, Dr. Teresa Pounds, PharmD, BCNSP, Dr. Omeka Sanders, PharmD, Dr. Okenna Oparah, PharmD & Dean Hewitt Matthews, PhD, MS.
